We Install LuxGuard Flooring

Durable | Clean | Adaptable

It's **NOT** Particle Board. It's **NOT** Waferboard. It's **NOT** Chipboard.

## It's Simply A Better Choice For Your Outdoor Building!

### Treated For Everyday Durability

LP® SmartSide® products are not made of wafer, chip or particle board. In fact, our engineered wood products are made with our Treated Wood Strand Technology so you can rest assured your structure will provide years of beautiful service!

### Extra Protection, Tested Tough

All LP SmartSide products are treated with our proprietary SmartGuard® process to resist fungal decay and termites in harsh environments. Tested in Hilo, Hawaii, LP SmartSide products continue to resist structural damage, even after years of exposure to thriving termite colonies and excessive moisture!

### Beauty That's Worth A Second Look

It takes only one look to notice the rich cedar grain texture and undeniable beauty of LP SmartSide products when compared to typical pine siding. It's a premium choice that gives your outdoor structure an attractive custom-built look!

Ask a Sales Associate about outdoor building solutions built with innovative LP SmartSide products. For more information, visit [LPShed.com](http://LPShed.com)

### A Warranty That Protects Your Peace Of Mind

All LP SmartSide products feature a 5/50 year limited warranty, one of the best warranties in the industry. You can feel confident that you have made a better choice for lasting durability and beauty.

- 5-year, 100% labor and replacement feature\*
- 50-year prorated, limited warranty on substrate\*
